

4-IN-1 BABY CARRIER

User Guide

IMPORTANT: KEEP FOR FUTURE REFERENCE

Important**PLEASE READ THESE INSTRUCTIONS CAREFULLY AND RETAIN FOR FUTURE REFERENCE.**

The 4 Way Carrier offers three different ways for you to move about easily whilst keeping baby close.

- 1) Inward facing - the traditional way to carry baby. (From birth)
- 2) Forward facing - the carrier can be used forward facing when your baby can support its own head (approximately 3 months)
- 3) Back carrier - babies from approximately 6 months.
- 4) Nursing

WARNING

Only use the baby carrier when standing, walking or sitting.

Do not forget that the child in its baby carrier will suffer from effects of weather before you.

The Carrier is suitable from birth to 12 kg. (approximately 18 months)

Forward facing from approximately 3 months.

Back carrying from approximately 6 months.

Before putting your baby in the carrier practice putting the carrier on and taking it off to ensure that you are familiar with all procedures.

IMPORTANT: ALWAYS test to ensure all the buckles are securely locked and straps are correctly adjusted and fitted BEFORE USING THE CARRIER.

A

The padded lumbar support passes around the waist and buckles into place at the back of the carrier. Adjust the strap until you feel comfortable.

B

Pass the padded straps over your head, cross over your back and buckle into place at the 2 sides of the carrier. Adjust the webbing straps to ensure the correct fit.

C

Sitting down, lay the carrier on your knees.
Place baby into carrier.

IMPORTANT: ALWAYS test to ensure all the buckles are securely locked and straps are correctly adjusted and fitted BEFORE USING THE CARRIER.

2

INWARD FACING POSITION

D

Remaining seated. Attach the fasteners and buckles on the two sides of the carrier. Adjust the straps to ensure the correct fit.

E

Attach the buckles and fasteners on the sides of the carrier and adjust the straps so the back support fits comfortably and securely against baby. Baby should be upright and their weight distributed evenly in the carrier.

3

TO ADJUST TO FEEDING POSITION

F

If feeding on left side first, support carrier and baby with right arm. Undo top left side buckle and loop-and-hook closure. **(WARNING: Do Not undo lower buckle and closure).** Move shoulder strap to centre of chest to allow baby to feed comfortably. Repeat steps for opposite side.

IMPORTANT: ALWAYS test to ensure all the buckles are securely locked and straps are correctly adjusted and fitted BEFORE USING THE CARRIER.

4

FORWARD FACING POSITION

A

The padded lumbar support passes around the waist and buckles into place at the back of the carrier. Adjust the strap until you feel comfortable.

B

Pass the padded straps over your head, cross over your back and buckle into place at the 2 sides of the carrier. Adjust the webbing straps to ensure the correct fit.

C

Sitting down, lay the carrier on your knees. Place baby into carrier. Fold down the padded head support. Attach the fasteners and buckles on the two sides of the carrier. Adjust the straps to ensure a correct fit.

IMPORTANT: ALWAYS test to ensure all the buckles are securely locked and straps are correctly adjusted and fitted BEFORE USING THE CARRIER.

4

FORWARD FACING POSITION

D

Remaining seated.
Attach the fasteners and buckles on the two sides of the carrier.
Adjust the straps to ensure the correct fit.

E

Attach the buckles on the sides of the carrier so the back support fits comfortably and securely against baby.
Baby should be upright and their weight distributed evenly in the carrier.

IMPORTANT: ALWAYS test to ensure all the buckles are securely locked and straps are correctly adjusted and fitted **BEFORE USING THE CARRIER.**

5

BACK CARRIER

You need another person to help you to put your baby into your carrier.

A

Place the carrier on a flat surface. Put the baby into the carrier and attach the fastenings and buckles.

B

Have someone to help you hold your baby at your back. Fasten the waist belt with the buckle and adjust the straps until it feels comfortable.

C

The crossover strap holder can be removed if not required.

D

Have someone to help you hold your baby at your back. Cross the straps and attach the side buckles, adjust the straps as required. Baby should be upright and their weight distributed evenly in the carrier.
